

# Islands of New England Tour

## September 9-15, 2027

### **Our Fall Foliage Tour**

For several years I was fortunate to have lived in New England, in Providence, RI. One of the many best parts was that I got to fully enjoy the Fall Season. The air is crisp and the trees are stunning, displaying bright and beautiful colors. Next Fall we are off to New England.

The trip focuses on the lovely quaint Islands of New England. We will enjoy wonderfully fresh seafood and learn about this area as it is today, and I know we will enjoy learning more about the history of New England. One of the islands we will visit is Martha's Vineyard, which has always been a popular location.

I hope you decide to take some time away from your reality and immerse yourself in the loveliness of the New England part of our beautiful country.
