

Portugal Tour – Lisbon to Porto

April 6 – 13, 2025

Join our group trip which begins in Lisbon staying at the new 5-star Hotel, The One Palácio da Anunciada, and breakfast is included each day. This hotel offers a unique and exclusive stay since they retained the original 16th Century building and added an elegant, contemporary interior design.

We begin with a Fado Performance and traditional Portuguese dinner experience.

I think you will enjoy a Foodie Tour capped off by a 'Pasta de nata' Workshop. There is a one-day coastal drive to Sintra, which for many years was thought to have mystical powers.

Always a high point of our trips, you will be taken to the Lisbon Apolonia Train station for the journey to Porto in First Class seats. In Porto our Group will stay at the elegant Intante Sagres in Premium Class rooms. With a whole new décor and with magnificent details, the bright, luxurious and well-appointed

Premium Rooms come with a seating area, a gorgeous bar area, coffee machine, tea station, free Wi-Fi, air conditioning, a safe and a 49' flat-screen TV. The spacious private bathroom features a bathtub or a walk-in shower which adds to the serenity and relaxation factor. These rooms offer either inside quiet courtyard view or city view. Breakfast is included at this lovely hotel.

Our stay in Porto includes Performance tickets to Casa da Musica. A great way to celebrate and appreciate the culture of a foreign land is through their music. Our stay in Porto includes a panoramic bus tour including a shared Port Tasting.

Before leaving Porto we have a planned private excursion to Guimaraes, with a local chef who will offer us a country cooking class.

We leave Porto to head back to the United States.
